

**BUSINESS PROFESSIONALS OF AMERICA
POST-SECONDARY DIVISION CONSTITUTION AND BYLAWS**

PREAMBLE

With the identification of business, information technology, and office occupations as an area of career and technical education, it has become necessary to provide student group experience for students enrolled in business education programs.

Leadership development through student groups can be effective in strengthening career and technical education for business, information technology, and office occupations. It is deemed essential that:

1. There be established a career and technical student group to serve the needs of those students enrolled in initial, refresher, or upgrading business, career and technical, and career or related education programs.
2. This organization is an integral part of the career and technical education curriculum, preparing students for business, information technology, and office occupations.
3. The organizational pattern facilitates the use of existing student groups as an integral part of the education pattern for business, information technology, and office occupations as established in law and regulation.
4. This organization provides a means for individual state groups to participate as members of a national student group serving the career and technical educational needs of students enrolled in business, information technology, and office occupations.
